

# *Responding to Needs of Children Near and Far*

## Alternative Giving 2025

## Highland Presbyterian Church

Your gifts in this season of giving can have an impact
on children who suffer many crises near and far.
It is never too late to care for God's beloved little ones.

| PROJECTS | DONATION |
|---|---|
| <u>Black Mountain Counseling Center</u><br>Again this year, Highland is supporting children who benefit from the services of Black Mountain Counseling Center. BMCC is a non-profit, professional mental health counseling service providing care out of offices in Black Mountain and Old Fort as well as online for clients in Buncombe and McDowell counties. They continue to serve children struggling to process the trauma of Hurricane Helene, many of whose families are uninsured or underinsured. | |
| <u>Winston-Salem Forsyth County Schools Futures Fund</u><br>*Help the Winston-Salem Forsyth County Schools Pay Down the Debt*<br>The WSFCS Futures Fund established by The Winston-Salem Foundation accepts community contributions to support the Winston-Salem/Forsyth County School District and its efforts to reduce debt and provide a quality education for students living in Winston-Salem and Forsyth County. Forsyth County is matching private donations with an equal amount of debt forgiveness for the $5 million it is owed by the district. | |
| <u>Teacher Training through PCUSA</u><br>In many remote communities around the world, there is a shortage of trained teachers. Your gift will help our partners equip educators with practical, low-tech training methods that don't rely on technology or electricity. By supporting teacher training, you help expand access to education for girls and other students who face barriers to learning — opening the door to brighter futures. | |
